Product Description

- Voltage: 5
- Power: 20MW
- Model Number: LS-D1600
- Occasion: Professional Stage & DJ
- Style: Mini
- Brand Name: Q-LINE
- Certification: none
- Origin: Mainland China
- Item Type: Stage Lighting Effect

445nm 1600mw 3d Printing Blue Laser Head Engraving Module

1.6W 12V/24V Input 3P Parameters: laser wavelength:445nm Output power: ?1600mW Output stability: $\pm 5\%$ Safety class: Class 4 Light spot shape: long strip light spot Focal length range: 2~8cm Focus size: approx. 0.2mm Lens material: professional focusing optical lens Power supply board input voltage: DC 12V LD input voltage: 5V LD input current: 1.1A Control mode: TTL-PMW control Control input voltage range: 0~5V TTL trigger mode: Active high (>DC 2.0V) Operating frequency: ?30KHz Recommended ambient temperature: -10~40C Product size: 30* 30*85mm Product weight: 110g Service life: > 8000 hours **Package:** 1pc 445nm 1600mw Blue Laser engraving module
