Product Description

Product Features

- * Innovative Tilt Release Technology
- * 10-inch 12K Mono LCD
- * COB + Fresnel Collimating Lens
- * Auto Leveling & Intelligent Mechanical Sensor
- * AI Intelligent Monitoring & Power-Loss Resume Printing

Model by ca.3d.studios

Tilt Release Printing

The Elegoo Saturn 4 Ultra is the best model to be peeled off the printer, achieving a fast printing speed in both fast and slow print modes, ensuring efficient printing.

Unmatched Details With 12K Mono LCD

With a 10-inch 12K mono LCD, the Saturn 4 Ultra boasts an incredible resolution of 11520x5120 and an XY resolution of 19x24 μ m, presenting you exquisite models with stunning clarity and precision.

COB & Fresnel For Smooth

When the COB light source is used with a collimating lens, it can create an exceptional field uniformity of 5° on the forming surface, ideal for delicate finishing and in

Self-Check & Automatic Leveling Print Right Out Of The Box

The Saturn 4 Ultra brings hassle-free experience with its smart self-check and automatic leveling function. Simply unbox, power on, and print—making it ultimate printing experience.

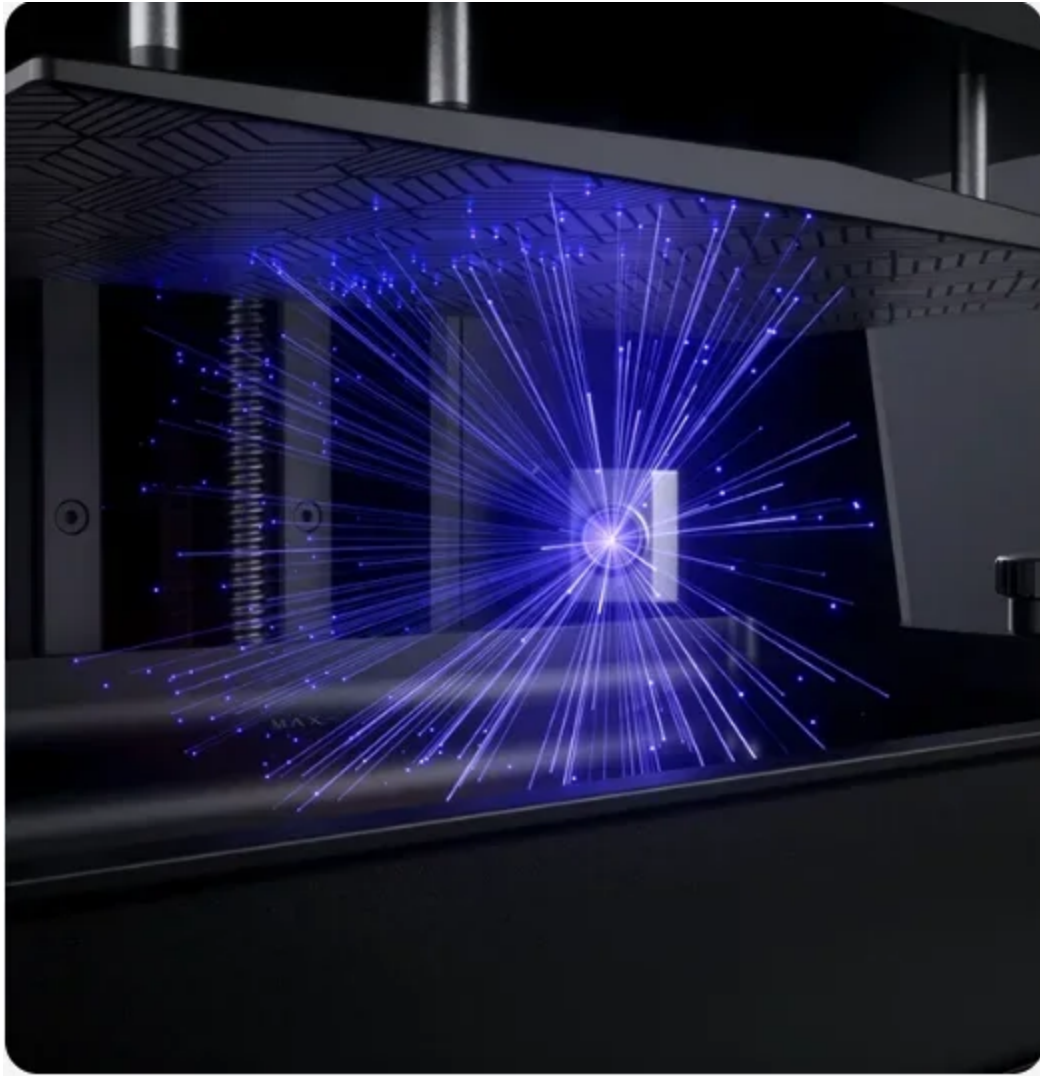

One-Click Self-Check

With one single click, the Saturn 4 Ultra will perform a quick self-check to verify whether its components are working properly before your printing starts.

One-Click Automatic Leveling

Thanks to its intelligent mechanical sensor, the build plate will be automatically leveled every time once you click the button, saving your time and efforts.

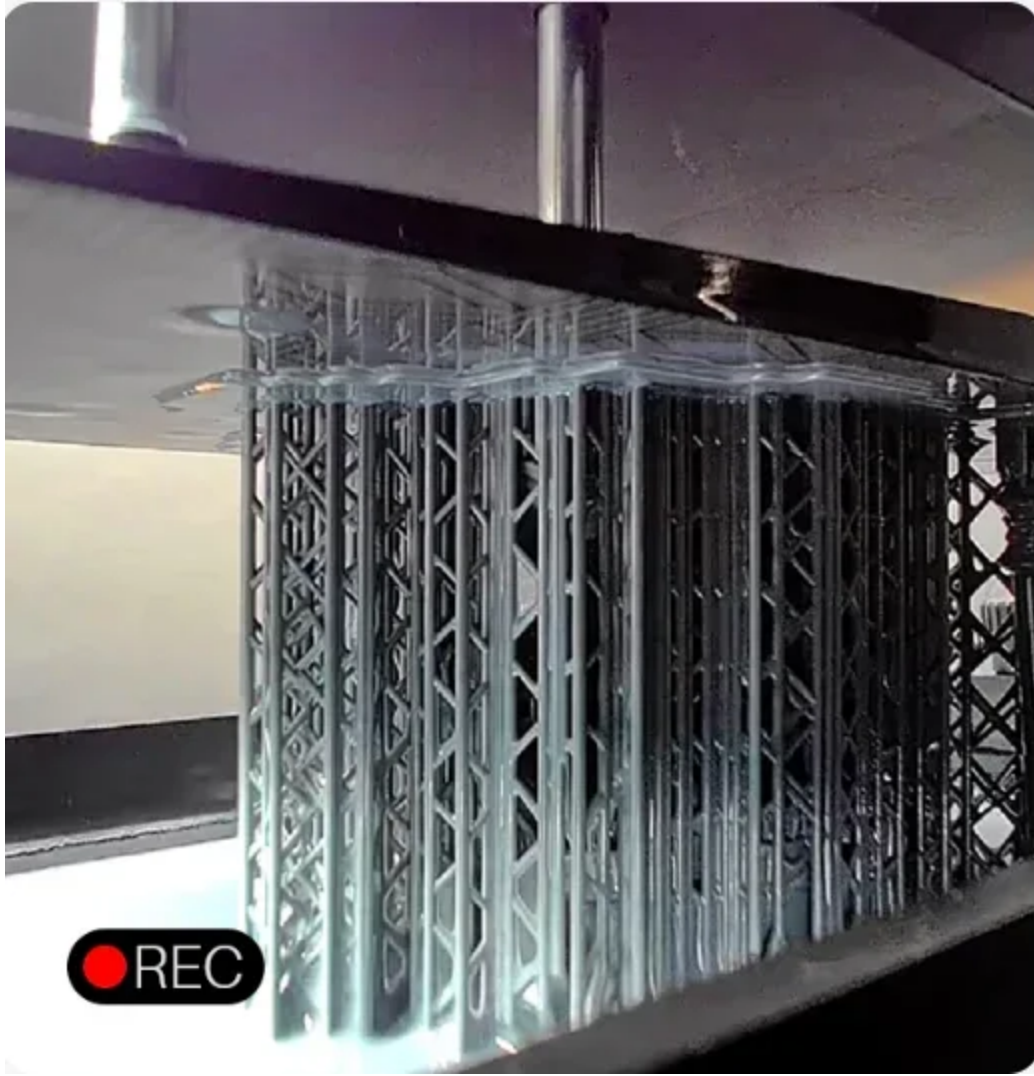

AI Camera Minimize
