Product Description

Product information & technical details

Item no.: ESUN-ePLA-ST175N1

Manufacturer No.: ePLA-ST175N1

Manufacturers: eSun

Content: 1.000 g

Diameter: 1,75 mm

Product types: PLA Filament

Filament colour: Black

Product Type Google Base: Filament

Net weight: 1000 g

Recommended processing temperature: 200-230 ° C

Recommended heating temperature: 45 - 60°C

DESCRIPTION

eSUN ePLA-ST is a PLA filament with high impact strength, elongation at break and bond strength and is ideal for printing mechanical parts with high toughness and precision requirements. **Key Features of eSUN ePLA-ST**

- Harder than regular PLA

- High impact resistance
 - High elongation at break
 - High adhesion strength
 - For mechanical parts
-
